RE: Yes to DREAM Act

Dear Representative Larsen,

This is a letter of support and deep thanks to you for your ongoing struggle against President Trump's systematic efforts to dissemble the character and structure of our country. I know that you have been working hard to prevent the success of his actions, which are wreaking havoc on ordinary people. I specifically thank you for and heartily support your co-sponsorship of the Roybal-Allard's DREAM Act now under review in the House.

I am confident that you realize the absolute waste of time, effort and money thrown by the Trump administration to thwart decent thousands of young immigrants who successfully contribute productively to the American life, culture and diversity from remaining in the US because they lack a piece of paper calling them an American citizen. Let's replace DACA with DREAM.

Stay focused in your work and know that I am counting on you and your colleagues to support this bill.

Most sincerely,
